Why?

- More than a backup
- Tag versions
- Easy to see progression
- Easy to reverse
- Branches for different ideas
- Easy to cross private/public boundary

- Grant proposals (private)
- Paper development (private)
- Talks / workshops (public)
- Software development + publication (mix)
- PhD students
- Share with industry

- PhD students (their suggestion)
- Postdocs
- Collaborators at other institutions
- Cross disciplinary
- Solo projects

Almost exclusively those younger than me!
